REPORT OF INDEPENDENT AUDITOR

To the Members of
Westport Securities, L.L.C.

We have audited the accompanying balance sheets of Westport Securities, L.L.C. as of December 31, 2002 and 2001 and the related statements of income and changes in members' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Westport Securities, L.L.C. as of December 31, 2002 and 2001, and the results of operation and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I, II and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rules 15c3 and 17a5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements
December 31, 2002
(See Report of Independent Auditor)

NOTE 1 – ORGANIZATION AND BACKGROUND

Westport Securities, L.L.C. (the Company) is a Connecticut limited liability company formed in 1995. The Company is a registered broker/dealer in securities with the Securities and Exchange Commission (SEC) and the National Association of Securities Dealers (NASD).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The Company maintains its books and records on the accrual basis of accounting for financial reporting purposes, which is in accordance with generally accepted accounting principles and is required by the SEC and NASD. The cash basis of reporting is used for reporting income taxes.

Cash and equivalents – For the purposes of the statement of cash flows, the Company considers cash in banks and all highly liquid debt instruments purchased with maturity of three months or less to be cash equivalents. At December 31, 2002, the Company had no cash equivalents. The Company maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk on cash.

Use of accounting estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to the estimated amounts are recognized in the year in which such adjustments are determined.

Property and equipment - Property and equipment are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Asset lives range from 3 to 7 years.

Investments – In accordance with Statement of Financial Accounting Standard No. 115, "Accounting for Certain Debt and Equity Securities", securities are classified into three categories: held-to-maturity, available-for-sale and trading. Securities classified as held-to-maturity, which are those the Company has positive intent and ability to hold to maturity, are reported at amortized cost. Securities classified as available-for-sale may be sold in response to changes in interest rates, liquidity needs, and for other purposes. Available-for-sale securities are reported at fair value and include securities not classified as held-to-maturity or trading. Trading securities are those held principally for the purpose of selling in the near future and are carried at fair value. The Company has no securities that are held-to-maturity or trading as of December 31, 2002.

Unrealized holding gains and losses for available-for-sale securities are excluded from earnings and are reported as a separate component of members' equity. Realized gains and losses are reported in earnings based on the adjusted cost of the specific security sold.

Income taxes – The Company is a limited liability company treated as a partnership. Accordingly, in lieu of Federal and state income taxes, the members are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for Federal or state taxes has been included in these financial statements.
